📍 Bend

Josh Newton advises clients on environmental and natural resource issues along with providing general counsel advice. He focuses on complex civil dispute resolution, which includes federal and state court litigation at both the trial and appellate level. Josh also has substantial experience with alternative dispute resolution, including mediation and arbitration. His practice includes the representation of Native American tribes, providing a suite of general and special counsel services.

Notable Experience

- Representation of federally recognized Indian tribes on a wide range of issues, including trust litigation against the United States and enforcement of tribal treaty rights
- Representation of clients on various water law matters, including water right certification, water right transfers and water right protests
- Representation of hydroelectric project owner regarding bond financing dispute
- Representation of landowners on Endangered Species Act issues
- Representation of landowners on a variety of real estate disputes, including easement and right-of-way disputes
- Representation of solar project developer regarding land use entitlement issues
- Representation of title companies with respect to title and escrow issues
- Representation of Oregon community associations focusing on dispute resolution and governance issues
- Representation of Oregon attorneys in defending legal malpractice claims
