Synthia Gunzel is of counsel in the firm's Business Services Practice Group. She provides strategic and comprehensive counsel on matters involving real estate, public works, public-private partnerships (PPP), contracts, easements, rights-of-way, conservation and other legal matters specific to special districts and public agencies.

Synthia joined BBK after a distinguished career with the Office of County Counsel for the County of Riverside ("County"), where she began as a Deputy County Counsel and last served as the Chief Deputy County Counsel over the Business and Transactional Services Division. In these positions, Cynthia was responsible for representing the many County departments, agencies and special districts on transactional and advisory matters, contracts, services and programs. She was responsible for drafting, reviewing and analyzing resolutions, complex business contracts, real property documents, leases and related documents, public works documents and real property laws and procedures. Cynthia also drafted new ordinances and amendments to existing ordinances relating to solicitation on County property, encroachment permits, mitigation fee programs, flood hazard areas, purchasing, subdivisions, zoning/land use, solid waste facilities, real property procedures and authorities, volunteer fire companies and reserve firefighter programs.

Notable Experience

- Represented the County of Riverside in multiple major public works projects, including an Emergency Operations Center in Riverside and the John J. Benoit Detention Center in Indio, which is the largest project undertaken by the County to date.
- Represented a special district in a politically charged disposition of real property to a local community college district, which included drafting language in the purchase and sale agreement recognized by the court as influential to the court's ruling in the special district's favor in a CEQA judicial challenge brought by a citizen group.
- Represented the County, drafted and negotiated contracts for build-to-suit and PPP projects, including the RUHS-Medical Center Medical Office Building, County Department of Social Services facilities and other County facilities.
- Collaborated with the County's Transportation Department and Facilities Management -Real Estate to draft agreements and negotiate the acquisition of seven miles of right-of-way interests from long time property owners and their area partners that avoided having to acquire the interests by eminent domain and resulted in significant costs savings for the County.
- Negotiated the County's acquisition of properties collectively worth more than \$300 million and lease agreements for its extensive lease portfolio.
- Represented and advised the County's fire department, its chief and officers regarding the regulation of volunteer fire companies and firefighters. Drafted new County Ordinances Nos. 903 and 904, which resulted in training and operational consistence and reduced potential liability to the County.
