Brittany Weidner is an associate at Best Best & Krieger LLP, where her practice focuses on telecommunications. She works closely with local governments and public agencies advising on regulatory and transactional matters involving broadband and fiber networks, cable and telecom franchising, leases and licenses, and wireless communication facilities.

Prior to joining BBK, Brittany was an associate at Austin Legal Group, APC, where her practice primarily focused on California commercial cannabis law and land use entitlement matters. She advised and represented private cannabis entities on a broad range of regulatory compliance matters and obtained complex cannabis land use approvals through traditional land use application processes and highly-competitive, merit-based licensing application processes.

Brittany is a San Diego native who enjoys live music, hiking, and spending time with her husband, family, and friends under the California sunshine.
